Once you click on the "Address Book", the Global Address List will show up.

First, try to find a user [lastname, firstname] in search field, and select the appropriate entry from the search results.

Second, click on the "To", "Cc", or Bcc" to add the result.

You can also narrow down the search results by selecting a department — from the address book drop down list.

Using the Global Address List (2)

Advanced Search:

The advanced search is available by clicking on the "More columns" – button.

This view allows you to perform partial name searches such as [firstname] while the "Name only" view requires exact [lastname, firstname] searches.

Outlook Data File

Personal/Archive Folders:

This folder contains archived Emails or large attachments.

Messages in these folders are typically stored locally on your own computer, while the contents inside the Inbox is stored on the server.

The Calendar Tab

The Calendar tab gives you access to a multitude of features such as:

- Personal calendaring with day, week, or month views.
- Seeing recipient's availabilities, and sending conflict-free meeting requests.
- Sharing your calendar with trusted FASmail users such as an assistant.
- Setting reminders to trigger minutes to several hours before a meeting.
- Booking of resources such as meeting rooms and equipment (e.g. projectors.)

Multiple Calendars and View Management (1)

With FASmail, you can view your own calendar along with other calendars side by side.

You can also superimpose calendars overtop of each other to see how your entire day looks like.

Simply click on the left arrow on each calendar to overlap them together.

Multiple Calendars and View Management (2)

Once they have overlapped, you can see what your work day looks like.

Scheduling a Meeting (1)

FASmail allows for scheduling conflict-free meetings with other FASmail users.

You start by clicking on "New -Meeting", to find a free timeslot for the meeting.

You will get an Email reply back once your meeting has been confirmed by the recipient FASmail user.

Scheduling a Meeting (2)

Once you click on "New Meeting", a new window will appear.

Simply enter:

- Subject
- Date
- Start and end time
- Location*
- Click on "Scheduling Assistant"

*This feature is available only if your department has meeting rooms and equipment setup as resources.

Details on Booking Resources (1)

In order to book a resource in FASmail, click on "Add Rooms..." from the New Meetings button.

Details on Booking Resources (2)

FASmail resources are categorized into two types:

- Room Resources
- Equipment Resources

Room resources are typically common-space, designated meeting rooms within a department*.

Equipment resources are typically laptops, projectors, etc. within a department.

Details on Booking Resources (3)

Like booking a FASmail user for a meeting, you can book resources in a similar way. Room resources take on the convention of:

- [IAM Client Display Name] R-RM [BLDG] Room#
- Ex:UBC IT R-RM LSK 201

This specifies that the room resource belongs to the UBC's Information Technology unit and it's in the Leonard S. Klinck building Room 201.

- [IAM Client Display Name] is the department's common name that was selected as a prefix for all non-user mailboxes.
- [BLDG] is the 3 5 character acronym of the building as defined in the UBC Facilities Archibus database.

a place of mind

Details on Booking Resources (4)

Similarly, equipment resources take on the convention of:

- [IAM Client Display Name] R-EQ
 [equipment name]
- Exg:UBC IT R-EQ Laptop1

This specifies that the equipment resource belongs to the UBC's Information Technology unit and it's their loaner laptop 1.

- [IAM Client Display Name] is the department's common name that was selected as a prefix for all non-user mailboxes.

Details on Booking Resources (5)

When you want to book a meeting with people and resources, ensure that they are booked together to ensure that both the attendee and resource are available.

Note: Resources will have a green circle with a "house" in it. If it is not green, then the resource booking may not work.

Calendar Availability Legend

When you are in the process of scheduling resources or people, there are blocks of colour. These colours represents the states of availabilities.

The information contained here explains what the colours mean.

Busy: The recipient is currently booked and not free at the time slot.

Tentative: The recipient is has accepted your meeting but may not be able to attend if something else arises. **Out of Office:** The recipient is not in the office that day.

 Example: Working from home or away.

No Information:

- Outlook not connected to the Internet.
- You are looking at information that is too far ahead.

Outside of working hours: Some recipients have specified their work hours. They may not be able to attend a meeting if it is booked outside of their working hours.

View a Meeting

You can click on the calendar to view a meeting.

If you see a white, striped bar on the left edge, this indicates that the recipient has not accepted your meeting yet.

Accept a Meeting Request (1)

When you open up an Email meeting request, you have a few options:

<u>Accept</u>: Accept the meeting with the proposed date, time, and location.

<u>Tentative</u>: Accept the meeting, but you may not make it if something else comes up.

<u>Decline</u>: You will not attend the meeting.

<u>Propose New Time</u>: Propose a new date, time, and or location to the meeting requestor.
